Mark Redgrave
Managing Partner, /shift

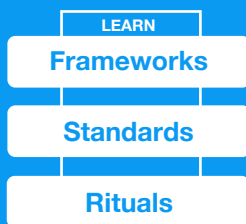

The Servant Leader Academy was created by Mark Redgrave to teach curious, forward-thinking leaders how to lead in this way - delivering exceptional team performance and accelerating their career growth.

Mark is an expert in business agility and high-performing teams. For the past 7 years, working with hundreds of leaders at some of the most innovative companies in the world, Mark has seen the incredible impact that Servant Leadership can have on team happiness and effectiveness.

The Academy is focused on not only ensuring the principles of Servant Leadership are well understood – the ‘why’ and the ‘what’ – but also to share the ‘how’: giving Leaders the tools, standards and rituals to use with their team, day to day, to deliver long-lasting results.
