‘This team is so damn good in a crisis…’

Yes, and no. The crisis created clarity. Your team is good with clarity.

/shift™

Mark Redgrave

Guiding leaders to business agility

Business agility, in itself, does not solve your problems. It shines a light on them. So now you can see.

‘Sustainagility’ – the process of delivering your company’s ambitious sustainability mission using Agile ways of working.

/shift™

Mark Redgrave

Guiding leaders to business agility

Being ‘Agile’ is changing course based on evidence. If you have limited evidence, or limited ability to make change… you really have nothing.

/shift™

Mark Redgrave

Guiding leaders to business agility

A clear Purpose will guide your business at those critical times when your Vision may be blurred…

One small word that can have a big impact on your prioritization efforts:

Replace AND with OR.

/shift™

Mark Redgrave

2023: Make innovation *everyone's responsibility.* Showcase those non-digital ideas that also move your business forward!

/shift™

~~Agile Transformation?~~

~~Business Agility?~~

~~Adaptive Change?~~

~~Future of Work?~~

Don’t get hung up on names.
It’s not important.

How will Ai impact my business?

Not sure.

Just be ready.
